

CP 2004

Tenth International Conference on Principles and Practice of Constraint Programming

September 27 – October 1, 2004
Toronto, Canada

Call for Participation

The CP conference is the annual international conference on constraint programming. It is concerned with all aspects of computing with constraints, including: algorithms, applications, environments, languages, models and systems.

CP 2004 will be held in the heart of Toronto, Canada's largest city. It will feature:

- A strong technical program featuring highly reviewed technical papers
- Distinguished keynote speakers: *Andreas Podelski*, MPI, Germany; *Bart Selman*, Cornell U., USA; *Helmut Simonis*, IC Parc, UK; and *Jean-François Puget*, ILOG, France
- An outstanding workshop and tutorial program
- A social program including a conference banquet and opening reception

Important Dates

- August 19, 2004: Deadline to obtain a room at conference hotel at the conference rate
- September 1, 2004: Deadline to obtain early conference registration rate
- September 15, 2004: Last date to advance register. After this date please register at the conference
